Kerala Gazette No. 1 dated 5th January 1960.

PART III

NOTIFICATION

No. D (7)-3326|59(3). *31st December 1959.*

The photographs of the following 12 traffic signals are published in the Gazette for the information of the public.

M. KRISHNA MENON,
Inspector General of Police.

Trivandrum.

19312 Eg.

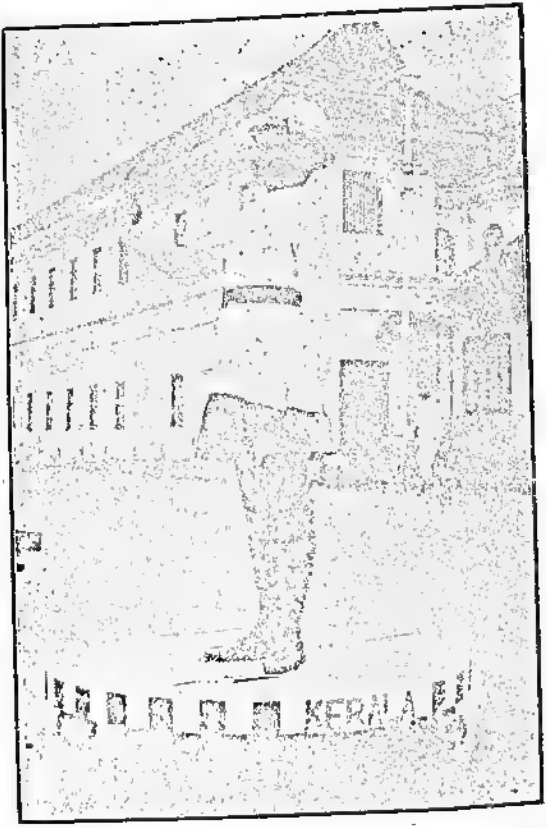

Police Traffic Signal No. 1

'STOP' to drivers approaching from the front.

Release Signal No. 1

Calling to a driver stopped by Traffic Signal No. 1 to come on.

Police Traffic Signal No. 2

'STOP' to drivers approaching from behind.

Release Signal No. 2

Calling to a driver stopped on the right-hand side to come on.

Police Traffic Signal No. 3

'STOP' to drivers approaching both from the front and behind.

Police Traffic Signal No. 4

'STOP' to drivers approaching to from right-hand side and from behind and from the front.

Signal No. 4 (a)

To stop traffic approaching from left and wanting to turn right.

It will be given by extending the left arm as in Fig. 1, the right arm will be extended little forward with the palm facing downward as shown in Fig. 4 (a).

Signal No. 5

To allow traffic coming from the right and turning right by stopping traffic approaching from the left.

The right hand is raised to the position as shown in Fig. 2 and the left arm is raised sideways with the palm facing left as shown in Fig. 5.

Signal No. 6

Warning signal closing traffic.

This signal is necessary as a preliminary to opening the other direction of traffic after turning right or left. See Fig. 6.

19312 Eg.

Signal No. 7

Come on; beckoning on a vehicle approaching from left.

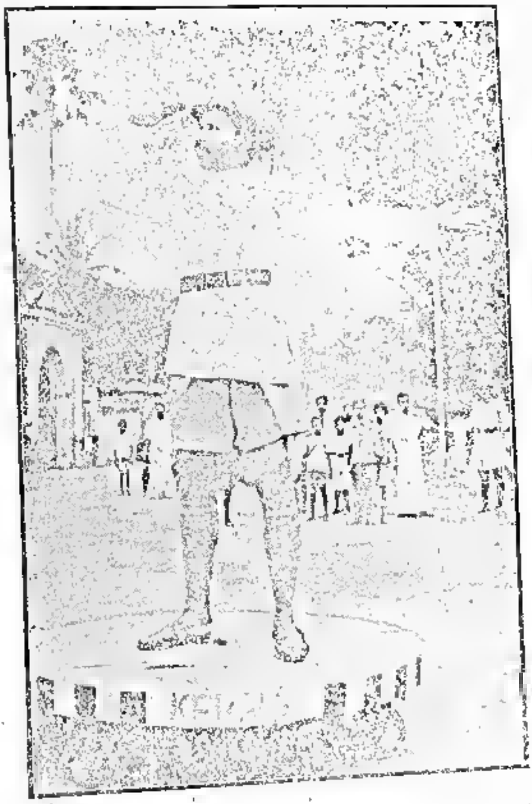

The right arm should be in a position as in Fig. 2 and the left arm should be raised from the elbow upwards and brought up to the position of the shoulder. The signaller should also look to the left. This movement should be repeated so that the motorists can understand that he is being called up. See Fig. 7.

Signal No. 8

Come on; beckoning on vehicles approaching from the right.

The left arm should be stretched as in Fig. 1 and the right arm should be raised from the elbow upwards and brought up to the position of the shoulder. The signaller should also look to the right. See Fig. 8.

Signal No. 9

Come on; beckoning on a vehicle from front.

The right hand should be raised from the elbow, back of the palm facing towards the vehicle. The movement should be repeated. See Fig. 9.
